WILL BE MARRIED AT SANTA ROSA TOMORROW

Miss Anna J. Smith Will Be Bride of Victor Anderson of Windsor.

Miss Anna J. Smith, daughter of Mr. and Mrs. C. J. Smith of this valley, and a former popular young business woman of Sonoma, will be married to-morrow at Santa Rosa. The fortunate young man who has won this estimable girl is Victor H. Anderson of Windsor. The bride-to-be has recently been employed at Crockett and formerly conducted a millinery store here and at Valona. She is a stately girl of the blonde type and has a charming personality which has won her many friends.

At the quiet ceremony which is to unite the happy couple tomorrow, the attendants will be Miss Minnie Smith and Carl Smith, sister and brother of the bride. A becoming tailor suit of blue and a picture hat of lace will be worn by the bride.

The couple will reside at Windsor after a honeymoon in Southern California. Mr. Anderson is employed in highway construction.

LONDON RANCH TO SPECIALIZE ON SHORTHORNS

The London ranch is to specialize on shorthorn cattle and with this end in view has exchanged all its famous Percherons for Shorthorns. Mrs. Eliza Shepard has arranged a trade for some prize winners and with what the ranch already has it will be a splendid herd for the Valley of the Moon. The London ranch shorthorns are already famous throughout the Middle West and on this coast.

Mr. and Mrs. Fred Helberg Jr. of San Francisco attended the N. S. G. W. ball last Saturday night as did also the newlyweds, Mr. and Mrs. Leonard Thomas.

JUNE WEDDING BELLS FOR ANOTHER SONOMA GIRL

Miss Alta Bish Was Married in Napa Wednesday to Chas. Starmer.

June wedding bells rang out for another fair daughter of Sonoma Valley last Wednesday in Napa when Miss Alta Bish of Madrone was married to Chas. Starmer, an employee of the Southern Pacific, residing at Vallejo. The ceremony was performed by Rev. Mr. Lemmon of the Christian church at the home of mutual friends of the couple Horticultural Commissioner Butler and wife. The immediate family of the contracting parties were the only other guests at the wedding.

Miss Bish was becomingly gowned in a pretty blue tailor suit with georgette hat to match.

After the ceremony bride and groom departed amid an avalanche of rice and decorations of old shoes for a honeymoon which is to include Mexico and southern California. They will return to reside at Vallejo.

The bride is a most estimable young lady and her amiable sunny disposition and many other fine traits has endeared her to all who know her. She will be greatly missed by the home circle and Sonoma valley friends.

Mr. Starmer is a brakeman on the Southern Pacific and highly regarded by the company.

The Index-Tribune extends hearty congratulations.

CLOSING CHAPTER IN SPINDLER FAMILY TROUBLES

Charles Spindler of El Verano, who unsuccessfully sued his wife for divorce in the Sonoma county courts, won a decree before Judge Cabaniss in San Francisco yesterday on grounds of wilful desertion from Mrs. Belle Spindler.

The suit in San Francisco was the fourth court action between the couple. Mrs. Spindler opened up with the first gun many months ago by charging her husband with battery, and the charge was dismissed. Then Spindler sued his wife for divorce and she entered a counter suit. Judge Zook of Marin county, refused either party a decree. Later there was a suit over property rights, resulting in a settlement out of court.

TO SHOW HOW the leopard can change its spots and what birds of a feather were traveling together, we have only to listen to the wail of some of the disappointed Johnson following among whom are those who cry "and now give us Debs, we'll vote for Debs." Johnson said he was a radical American, and rallied round him a motley crew in addition to those Republicans who had either jobs or a prodigious faith to make them cling to him. The radicals and malcontents who now want Debs do not know what they missed for they would have most surely been "stung" on Hiram. His radicalism was for campaign purposes only, and after that they would have learned, as did California, that Johnsonism towered above everything. But the tower has crumbled and Republicans in California will unite on the splendid statesman and citizen nominated at Chicago to guide the ship of state through four momentous years in the history of this nation. We believe Mr. Harding has the ability and grasp on vital problems to bring order out of chaos and will put the United States on the same, conservative basis where it belongs and wants to be.

We believe our Democratic friends will accommodate all suggestions of fads and isms and have a platform so full of popularisms and panaceas, that almost any longhair can be mobilized for the Bourbon nominee. Remembering that we went to war to make the world safe for Democrats, it might not now be amiss for the Republican party to make it sane for them and all of us. The world needs conservative guidance.

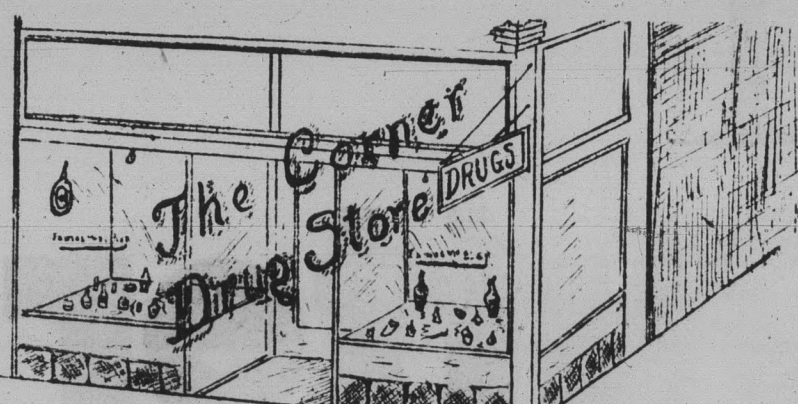

The Republican nominee for president from Ohio is a safe man and it is only those who permit the jaundiced views of Hearst to color the situation who will set up a raucous cry for Debs or a third party. Honest Socialists who know that society can only progress through evolution and education, will continue to vote the Socialist ticket religiously, but this complimentary vote will not change the struggle between the two old parties an iota and the Republicans, with Senator Harding will win.

SONOMA FARM CENTER ENJOYS NAPA TRIP WITH FARM BUREAU

A delegation from the Sonoma Farm Center, including Adolph Rubke, C. Soderburg, P. Bosch, Mr. and Mrs. F. Joost, J. Halsted, Mr. Bolin, Miss Anna Bolin and Director Levy joined the Sonoma County Farm Bureau Tuesday on the excursion into Napa county where they were finely entertained. The Napa county Farm Bureau was host to the visitors. About twenty-five machines made the trip. The model dairy of W. L. Mitchell was visited. The Sonoma visitors declared that the Jerseys were so fine and so clean that you could handle them with white kid gloves and milk 'em in the parlor.

The Carreros Rural Fire Department was the object of much interest.

There are twenty-four rural fire departments in Napa County all having their own equipment; the community furnishes the trucks, brush axes, water buckets etc and the county furnishes the chemicals and fire extinguishers. These fire companies last year saved over eight thousand dollars worth of property from burning because they were "on the job" when the fire started. While they had numerous fires reported, none did much damage. There are three hundred twenty rural volunteer firemen belonging to the twenty-four fire companies.

The modern rural school at Salvador reflected credit on the enterprising Center there. Mr. George center

NOTES FROM TRAINING QUARTERS OF 4TH OF JULY STARS

Larry Jones, Joe White and Harry Jones, three of the boxers who will participate in the boxing festival in Sonoma on July 5, are hard at work every afternoon, training and promising to be in the best of shape for their bouts. Their opponents have not been selected as yet; but they will include some of the best boys of their weight in San Francisco. Eddie Mahoney, the Irish lightweight champion may also appear in one of the bouts.

Harlan Bunker, is training here for his bout with K. O. Krivoskey which takes place in San Francisco on June 25th. Bunker has been honorably discharged from the U. S. Army and will devote all of his time to training and boxing. He should show much improvement from now on, as his time is all his own now, and he is using it to good advantage.

Joe Willis, ex middle weight champion of the coast is also here, but has not started his training yet. He will rest up for a few days, and then will probably work with Bunker. Willis has met and defeated some of the best fighters in the country and has

has a fine hall which was much complimented, also the clubhouse of Tucker Farm Center.

Hospitable entertainment, including lunch was dispensed at the Farm Center to the Sonoma county delegation. It was an instructive and delightful day.

been in the game for many years. He is still active in the boxing game. His experience beats all of the younger boys and his boxing is interesting from the spectator's standpoint.

Harry Jones, who will box here on July 5th, has quite a record. He has fought such men as Tommy Cello, Jack O'Keefe, Benny Contrada and Tompp Chapelle. He is showing improvement in every start and will be among the top notchers before long.

Billy Brannon, Champion of Chinatown, or somewhere, will train any of the local boys who will participate in any of the athletic activities of the 4th of July celebration in Sonoma. The use of the gymnasium and paraphernalia and showers is gratis as is the instruction and assistance.

Wild Willie Webb, Grand Master of the A. O. C. E. (Ancient Order of Cauliflower Ears) will be on hand for the celebration and will probably deliver a lecture on scientific self defense.

Pete Perazzo has expressed willingness to enter the boxing tournament and in all probability, will be taken care of. He will feel very much at home if the Navy Band will be on hand. It is rumored that Pete was quite a pugilist while he was in the Navy and that he uses the deadly 'Submarine punch.'

Jack Poulson, former Fire Chief of the Sonoma Fire Department has resigned and is now feeding gasoline to the Caliente Springs bus. Jack will exhibit some trick driving in the Grand Parade on the 4th.

To Keep American Ships on the Seas

For the first time since the Civil War we have a real merchant marine. It cost us \$3,000,000,000 to get it.

The farmer, manufacturer, laborer—every American is interested in holding our position on the seas.

As a first step in this direction it is necessary to modify those articles of existing commercial treaties which have operated to thwart the upbuilding of our merchant marine.

By giving the notice of termination for which the several treaties provide.

This action is directed in the constructive Shipping Bill now before Congress.

Which declares it to be the policy of the United States "to do whatever may be necessary to develop and encourage" a merchant marine.

This policy deserves the support of every American.

Lacking this support the present effort to maintain our merchant marine may suffer the fate of many ineffective attempts of the past.

Send for a copy of "For an American Merchant Marine."

GOLDEN BEAR '20 MAKES APPEARANCE

The Golden Bear '20, High School Annual made its appearance on Monday and was highly complimented. It is a book which reflects much credit on the school for it goes into detail on the work of all departments and leaves the reader with a feeling of pride in the institution. Its purpose is above that of the usual High School Annual, although it does not neglect the entertaining features nor the humorous side of school life.

There are stories in the literary department by Ivan Johnson, Ellis Simmons, Irene Tracy, Elmer Batchelor, Tom Palmer and George Stough. The poems by Hazel Tapscott, Fred Schell, Rosie Arreola and Ivan Johnson show that the Muse is wooed wisely and well by promising young Sonoma students.

The book which is profusely illustrated is dedicated by the pupils to Miss Shirley Ward "our loyal and devoted friend, adviser and teacher." The staff was composed of the following: Editor-in-chief, Marguerite L. Helberg; Literary Department, Nancy Griffith; Dramatics, Annalou Dresel; Social Life, Celia Thomson; Exchanges, Irene Tracy; Athletics, Fred Schell; Art Department, Haster Ring; Art Department, Kennon Gilbert; Art Staff adviser, Miss Jensen; Joshes, Meryl Bish; Business Manager, Ermen Regusci; Assistant Business Manager, Harry Dwyer; Staff Advisor, Miss Shirley Ward.

SEEKS PARENTS OF MINORS ON NON-SUPPORT CHARGE

C. Poncia, well known rancher of this valley, has filed a complaint in the Justice Court here charging Mary Morali and Bernard Morali with non-support and failure to provide for their two minor children. The Moralis are divorced and the mother left the children in the care of the Poncias. Neither she nor their father have been heard from for some time and as Poncia has a large family of his own he is asking the Court to bring the parents to an accounting of their responsibility in the matter. Probation officer Plover has been conferring with Judge Small in regard to the case and an effort is being made to apprehend Mary Morali and the father of the deserted minors.

COMING TO OUR FAIR A ROYAL VISITOR

Sonoma County Fair will entertain royalty. The Grand Champion Berkshire sow of the world, Riverby Princess with her royal family, will be at the Fair. This sow was sold at the P. P. I. E. for \$865 at public auction before she was six months old. One of her sons is king of the famous Wickett Rancho drove, and another one of her sons is king of the great drove of the college of Hawaii in Honolulu.

Every day sees new features, entertainments and attractions added to the program and each addition increases the probability of the fulfillment of the director's promise in the West.

Beginning at 10 o'clock Monday morning, August 23rd there will be seven full days of celebration, ending Sunday night August 29th in a roaring, blazing carnival of splendor.

BUS LINE OPPOSED

A. Dunham, proprietor of the Dunham Auto Bus line for the past seven years asked the Supervisors to go on record against the application of the Western Motor Transport Company which is endeavoring to get a permit from the Railroad Commission to run a bus line between Napa and Healdsburg. Dunham told the board that if the new company succeeded in securing the right to run the proposed line that it would force those bus companies now operating out of business as the Western Motor Transport is one of the largest companies in the State, and so is able to cut rates too low for their competitors.

The board promised to do what it could but could give but little encouragement to Dunham. The proposed route of the new line would be from Napa, Sonoma, Boyes Springs, Kenwood and Santa Rosa.

Mrs. H. Pauli entertained a party of friends and relatives from San Francisco Sunday.

The Ed Lindley place was recently sold through the agency of Mr. E. J. Harris.

Mrs. Lily Goeppert and party of friends motored up recently from San Francisco and spent the day with Mrs. Goeppert's mother Mrs. Beatrice Bulotti.

Miss Heggie and Major Phillips were valedictorian and salutatorian of the class of 1920. Major Phillips chose for his address the topic "Our Need for a New Building." Miss Heggie spoke on "How the Community Can Help the School."

The exercises were impressively beautiful and the young graduates were delighted with flowers, gifts and congratulations.

Miss Heggie said, "Not only should the people of the community take an active interest in the building up of their school for the sake of the children but for their own interest and that of the community. A good school is money in the pockets of every property holder in the district. A real estate man and bankers know this. The better the school plant, the higher the value of real estate and the greater the demand for it. Whenever a man and his family come into the valley to settle, it is a well known fact that one of the first things he inquires into is the condition of the schools. Should the

answer prove unfavorable, he will move to a place where he can give his children a good education.

Then how can the school be brought to its highest standard? You will say, "By having good teachers." Yes, that is true, but teachers, no matter how efficient cannot accomplish their best if they have not the backing of the community. It is the cooperation of the citizen and the teacher that makes the successful school. Through your individual efforts and acting on your own initiative you can do a good deal to help the school. Through organizations you can do much more.

You, the parents of the pupils attending the high school, and those of you who are friends of the school, could do a great deal for it if you would organize a Parent-Teachers' Association. All the live schools of the state have strong and active ones. An organization because it is imperative and represents the will of many people instead of one or two, can attempt many things which an individual can not. So powerful would be as expressing the public sentiment, that its desire once expressed would be attained. Its meetings would afford opportunities for the teachers to explain to you the ends and aims and workings of the school, and you an opportunity to find out what you should do and

We cannot leave tonight without expressing our appreciation of the work of the trustees for the school. They have done all they could, with the funds at their command, to render our school building more comfortable and attractive, and to provide equipment for work. They can't do more unless the people of the community go to them and say, "We want you to give us a better school plant. We will pay for it and back you to the finish in your efforts to secure it."

THE HIGH SCHOOL'S RELATION TO THE COMMUNITY

The funds for running the Sonoma Valley Union High School are obtained from three sources, the state, the county, and the district. The state provides \$15 per pupil, the number of pupils being determined by the average daily attendance. The amount which this school receives annually from that source is about \$1800. The greater part of the cost of running the school is defrayed by district and county taxes.

In 1917-1918 the school cost the citizens of this valley \$13,150. They rise in costs, and a material increase paid a district tax of 18c and a county

tax of 18.5 on every hundred dollars of the assessed valuation of their property. To run the high school in 1918-1919 cost \$13,400. The district tax that year was 21c and the county tax 19c. The cost of the school in 1919-1920 was \$19,900. The assessment for the district was 40c and the county tax 22c. The amount this year was greater because of the erection of a new Manual Training Building and of the purchase of an athletic field and a gas plant. In reviewing the above figures we note each year an increase in the material cost of running the school, but this increase is in accordance with the relative increase in the cost of labor and material everywhere and is to be expected. In fact this increase has not kept pace with the citizens of this valley \$13,150. They rise in costs, and a material increase paid a district tax of 18c and a county

CEMETERY ROAD RESPONSE IS MOST GRATIFYING

Many Substantial Checks and Beautiful Letters Coming In To the Committee.

The committee on Cemetery road improvement reports very favorably on donations received for the worthy project. Mrs. Ralph Hotz is acting secretary. Mrs. Euparan having resigned. Several solicitors are out in addition to the letters mailed.

Many substantial checks are coming in from those who have plots in the silent city where sleep their loved ones. The following beautiful letter has been received from Percy Law, former resident of Sonoma Vista. Mr. Law's wife died here last year and was buried in Mountain Cemetery under the auspices of the Eastern Star of which she was an esteemed member:

Fall River Mills, Shasta County Cal. June 11, 1920. Mr. H. F. Bates, Sonoma, Calif. Dear Sir:— Having mislaid the letter sent me

regarding the funds for the Cemetery Road, I will give \$100 in two payments. \$50 in July and \$50 in August, this is the only time I will have any money to spare. I only wish I could give to the good cause \$1000, for the kind way the good people of Sonoma have given to our loved ones the most beautiful place in the world. Thanking you for your past kindnesses, I am very respectfully,

Percy A. Law.

CONGRESSMAN BRITTON'S SISTER AND MOTHER VISIT HERE

Mrs. J. Peach and daughter Miss Brittan, mother and sister of Congressman J. Brittan have been enjoying a visit with Mr. and Mrs. Peach and Mrs. A. Trappe at their Sonoma valley home. Miss Brittan's mother expects to spend much of the summer here although extensive property interests in San Francisco take up a great deal of her time.

SUPREME COURT DECISION NOT TO AFFECT WINE GRAPE PRICES

Clyde L. Hunt of Windsor disposed of the coming season's crop of wine grapes on Monday. He contracted to sell them for \$65 per ton, and judging from present indications he will have at least \$10,000 worth on the place. This is the second sale of grapes at this figure reported since the dry enforcement law was held valid, while a number of growers had been offered \$60 a ton.—Press Democrat.

ARRIVE SAFELY IN ENGLAND

The many friends of Mr. and Mrs. W. K. Coleman will be pleased to learn that they arrived safely in England after a pleasant trip overseas. They were the recipients of much attention aboard ship and before landing, the Captain asked the privilege of taking their pictures, remarking that the old couple was the typical Darby and Joan. They are pleased to be once again in the country of their birth and with their son.

Mrs. Burlingame leaves shortly after the first of July for the annual trip with the Sierra Club.

SUPERVISORS TO MAKE TEACHERS HIGHER PAY POSSIBLE OTHER BUSINESS OF IMPORTANCE

At their morning session Thursday the county board of supervisors announced that they would increase the county tax rate in order to meet the demands of the county teachers for a wage increase. Many teachers and educators were present at the meeting.

The tax rate that was under discussion was the one that has been spoken of the past few months as the only solution of the teacher shortage and provides for a raise of 9 cents on the \$100. Grammar school and high school teachers will be the principal beneficiaries under the raise. It will raise sufficient funds so that the teachers may receive from \$250 to \$300 a year more.

Representatives from most of the school boards of the county were present to ask for the increase and also many members of county and civic organizations were there to add their support to the measure.

The board also granted to the Farm Bureau a sum of \$5,000 for the expenses of two assistant farm advisors, one to be in charge of the poultry affairs of the county and the other to have direction of the dairy industry.

The board was immediately in favor of this move when Farm Director Reinland made a short talk in which he outlined the work that these men could do. He told the board that the University Extension Bureau could pay the salaries of the men but that it was necessary for the county to pay the expenses. He also gave report of the work that the various farm centers were planning to do next year and showed the board how much it would cost to have two men.

SONOMA IS TO HAVE AUTO CAMP IN PLAZA

At City Trustees Session Last Wednesday Evening Important Business Was Transacted.

At a meeting of the city trustees Wednesday evening a Resolution to pay off the \$57,000 bonded indebtedness for street improvements at the rate of two bonds each year was read. A Resolution was also given a reading asking engineers to call for bids for both cement and asphalt concrete pavement for Sonoma's streets.

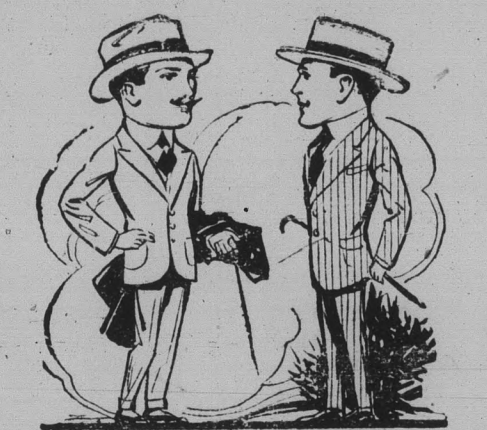

Permission was granted the Fourth of July carnival committee to use the Plaza for the three days celebration.

Messrs E. J. Harris and Otto Wagner of the committee appointed by the Business Men's Association asked permission to establish an auto camping park for Sonoma in the north east portion of the Plaza. The request was granted and Sonoma will now prepare to provide the camping ground with modern and sanitary conveniences.

Mrs. Maud Studley entertained the Flying Needles this week. It was the birthday of Mrs. Studley, Sr., so all had a doubly joyous time at the afternoon.

The Grand Jury in session this week at Santa Rosa is making every effort to reconcile warring elements in the county road program and to start Sonoma county on a constructive era.

Grover Montgomery, who represents a prominent automobile supply firm has been transferred from the southern territory to be the firm's representative in northern California. He will now make his headquarters at Sonoma with his wife and pretty children. Mr. Montgomery closed a nice sale Thursday with Lloyd Holz of the Union Garage for supplies.

Al Groskopf and "Buddie" Batto went to Vallejo on Tuesday last with the new Kleiber truck and hauled back 5 tons of mill feed from the Sperry Mills. The supreme court decision has really nothing to do with the grape situation, as all manufacturing must be done within the law anyway and present sales of wine grapes are with in the law so far as the movement of these wines is concerned. —Democrat.

Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the blood on the mucous surfaces of the system thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative power of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F.
